Depart from your hotel to visit Perge. An important city of ancient Pamphylian, Perge was originally settled by the Hittites around 1500 BC. St. Paul preached some of his first sermons here. The theater stage has finely carved marble reliefs; other carvings from around the city are displayed in the stadium. Amateur archaeologists will want to see the handsome city gate flanked by two lofty towers, a long colonnaded road once paved with mosaics and lined with shops, a large agora, the public baths and a gymnasium. Proceed to Aspendos one of the best preserved theatres in the world with seating for 15,000. Still used today, the theater galleries, stage decorations and acoustics all testify to the architects' success. Nearby stands the remains of a basilica, agora and one of the largest aqueducts in Anatolia. It is commonly believed that Aspendos was founded by colonist from Argos. We will then proceed to Manavgat Waterfalls for a refreshing break. After having lunch, depart for Side where you will have free time for shopping or etc.
