

Quad (Atv) Safari

Duration : 1 hour driving, 2 hours with breaks
Price : Adult: 35 EU Child: 0 EU Infant: 0 EU

Tour Description : This is a pleasant nature tour -activity- which provides excitement, an opportunity to advance your personal skills and test yourself while it may also be an experience where personal skills and excitement turns into team spirit.

How to go?: Transportation from hotel to the point where the tour will start is included in the fees. We pick you up from the meeting point approximately 40 to 60 minutes before the tour starts.

Details:Choosing a session: During the summer season, three sessions, one in the morning, one at lunch time and one in the afternoon, are held on every day of the week, while the organization of a fourth session, the evening tour depends on the number of participants.

The guests who would like to join a private or VIP session may only join the fourth session.

Transportation : We will transfer you from the designated meeting point to the starting point of the tour at the designated time.

Preparation : Before starting the tour, we will give you information on things that should be done as well as things to avoid doing along with certain events which we will show on a short video. Following that, we will ask you for your signature on the (Tour Participation Form) which includes the written version of all the information we have provided and your responsibilities.

You will be able to wear your swimsuits in the changing rooms and place your personal belongings, which you might need after the tour, in lockers.

Once you receive your helmets and dust goggles, you will be given information on how ATVs work, what position you should take when crossing the water, location of the front and rear brakes, how you should brake, what the required distance between ATVs is while driving in a convoy,etc.

Now it is time for a test drive!!! Lets say it went well, great!

If you couldn't manage to do well on the test drive, then we will provide you an assistant who will assist you throughout the tour or you may choose to continue with the person you have come with.

Tour : During the test drive, we have learned how to move as a group; we have crossed creeks, rivers and got all dusty!! However, there is one place where it is just not possible to go through without getting wet; you will get soaked to the skin because someone holding a huge bucket of water will be awaiting you there. As you get soaked, photos, which will be so extraordinary that even you will be surprised, will be taken.

And now it is time for a swim break, in the natural and fresh waters...Yes, we have finally returned to where we had started; believe me when I say there were a lot of people who said, ah, the tour ended so quickly, I wish it hadn't.

Photos and Videos : You will be able to watch the photos that have been taken during the tour as a slideshow and then watch the video. Of course, anyone who wishes will be able to purchase these photos and videos.
